

Engaging Postgraduate Issues

Proposed by: Vice President for Academic Affairs

National Council recognises

That the USI membership includes a large body of postgraduate students, and that there is currently no dedicated event or campaign focused on their issues.

National Council further recognises

That in order to fully represent postgraduate students, to engage them in our work, and to build the capacity of our Member Organisations (MOs) in this crucial area of union development, it is imperative that there is an annual event focused on those issues.

National Council mandates

The Vice President for Academic Affairs, alongside the Officerboard, to run an event aimed at engaging postgraduate students in the work of USI, developing the postgraduate student voice nationally, and building the capacity of MOs to represent postgraduate issues. This annual event should take place in the second semester of the academic year.
