

Council Notes

The many issues facing students when looking for student accommodation which is of an acceptable standard.

Council Notes with Concern

The escalating number of cramped and substandard accommodation that students are living in posing a number of health and safety risks to students across the island.

Council Also Notes

That ASRA, the Association for Student Residential Accommodation, is the leading representative organisation for student accommodation professionals throughout the UK and Ireland. ASRA represents student accommodation providers on a range of statutory boards and in various housing related organisations.

Council Mandates

The VP Welfare to work with ASRA to collectively in order to promote good standards in accommodation provision.

Council Also Mandates

The VP Welfare to seek a place on their committee/boards with the aim of having a continuous student voice within the organisation.
