

Anna Heverin
VP Equality & Citizenship Candidate '18
Union of Students in Ireland

Hi everyone,

You know the saying 'Good things come to those who wait'?

Well I would like to invoke that phrase in this submission. Due to the great snow of Feb/March 2018, I have been without internet or a working laptop at home. Fear not for when my manifesto is fully baked with icing on top (designed), it will be uploaded here & this page will become redundant. It is far better & wiser to have something appear here to tell you a little bit about myself & why I am running to be your USI VP Equality & Citizenship in the upcoming elections 2018.

I took some personal time & much pacing the floor to decide to take on this challenge. I realised that it's what I really feel passionate about doing & the extraordinary experiences I have had engaging in the student movement nationally are something I wish to carry through in this role.

Here is a little bit about my experience & what I've been engaged with over my time in university.

In my current position as President of UCC Societies Executive, I have had the opportunity to engage & work alongside so many tremendous students doing exceptional work. I have guided & helped societies from many different backgrounds, cultures & traditions. I have seen UCC Societies grow from strength to strength & have dedicated myself fully to making our position strong with the UCC community.

Through my work as member of UCCSU Executive I have worked with USI on both a local & a national stage. I have sought to campaign on the issues that are important to students in equality, diversity & educational matters. I have led on my campus in areas such as the campaign to Repeal the 8th amendment & played a central part in voter registration drives in college.

If elected to the role of VP Equality & Citizenship , I know I will bring the same dedication and persistence that I brought to every role I have undertaken in University College Cork. Fighting for students to have equal rights in areas of disabilities, gender equality & access to education is something I will always strive to continue both in & out of the student movement.

With your support I would like to take on this endeavour to lead & represent the students of Ireland as best I can. I would be delighted to field any queries, messages, carrier pigeons or calls that come in my direction. Please to not hesitate to get in touch with me.

My number is 085 109 7631, my office phone is 021 490 7631 & my email contact is annaheverin@gmail.com

Manifesto coming soon!
