

Crossover sessions

SUSI Postgrad Funding

International Students (follow up with Marie on this)

Welfare (Mental health isolation)

Dual-Role Students and Lecturers (SIPTU?)

General session on how officers can help (Martin McAndrew SUT)

Doesn't need to be a session on postgraduate casework, more postgraduates in general.

Casework should be one big session, rather than specifics. Specific session on preparing officers on the postgraduate experience. Differences between taught and research, common problems.

Specific session on international students at both Crossover and SUT. Nothing to this effect at SUT last year.

Recorded sessions for who misses or who wants to review.
